

INLAND NORTHWEST WOODTURNERS NEWSLETTER

Next Meeting is Thursday
February 4, 2010 7 PM at the
WoodCraft Store classroom,
N.E. corner of Sprague and
Sullivan (north side of the Fred
Meyer parking lot.

January Meeting 2010

Thanks to Norm MacPhee for demonstrating the easy rougher. To learn more about this tool see www.easywoodtools.com. If you Google “easyrougner” you will also find at least one YouTube link for additional demos and tips. You can buy this and other hybrid tools at Craft Supplies, Packard Woodworks and of course, right out in the showroom of WoodCraft.

Thanks also to Sabrina Murphy for chairing our meeting while president, Ron Gooley is down south enjoying the Arizona sunshine.

Next Meeting:

Russ Fairfield will demonstrate **Mastering the Skew Chisel**. Everybody’s got a skew, if you know how to use it you can create fine details and beautifully smooth cuts. If you don’t, it’s probably gathering dust in the tool rack or being used to pry the lid off a varnish container.

AAW: Have you renewed your membership? If not a member, have you joined? Did you see the great article by our own Russ Fairfield in the most recent issue of *American Woodturner*? Don’t miss this terrific resource.

More AAW: The 2010 Annual Symposium will be held June 18-20 in Hartford Connecticut. You can get more information and sign up at www.woodturner.org.

...And if you can't make it to the east coast this summer you may want to attend the **3rd annual Creativity in Woodturning** workshop sponsored by the Woodturners of Olympia, July 24, 2010. This all day event will feature Alan Lacer. More information and on-line sign up at www.woodturnersofolympia.org.

Membership: Club dues can be paid in person to our treasurer, John Altberg - or by mail , 928 W 17th, Spokane, WA 99203. \$24 for calendar year 2010. The February meeting will be the right time to do this.

Sharing our work continues to be one of the best resources for inspiration and new ideas:

Francine King

Charles Schwartz

Bowls: Charles Schwartz, mortar & pestle by Karl Paetow. I don't know whose hand is holding the caliper.

Turned, carved, painted, ...and very impressive. Jim Christiansen's dragon fly pitchers.

It if holds water, it's a bowl. If not, it's art. Art by Bob Weaver. Bill Eller's segmented platters.

John Hawkins

Sabrina Murphy

We're getting beyond "...how does Everett Best make those tables?" to "...where does he keep them all?" This must be #19 or #20. There's got to be a good story behind this lamp.

Thanks to Charlie Benson for taking the photos, I apologize in advance if I got any of the credits on the wrong picture. See you in February, KEEP TURNING!

Chad Gladhart, Club Secretary
