

## INLAND NORTHWEST WOODTURNERS NEWSLETTER

Next Meeting is Thursday, July 2, 2009 7PM at the WoodCraft Store classroom,  
N.E. corner of Sprague and Sullivan (north side of the Fred Meyer parking lot.

### June 2009 Meeting

**Our June program** was great fun. An experienced turner was teamed with a less-experienced turner with the challenge to make a honey dipper, alternating craftsmen every couple minutes. Below, Charles Schwartz and Dean Van De Leest in the design/discussion phase while Jim Christiansen and partner, John Hawkins secure the wood on their lathe.

Above, the Bob Gay/Dan Chadwick team start roughing out their design, Charlie Benson watches as Bob Brannon gets the “fat end” in shape. Norm MacPhee checks the bevel while waiting to swap positions with Dan Forman.

Bob Schmidt, using the “finger caliper”, watches as Pat Hickey transfers that measurement to the end of their dipper. Below, Dan gives Bob a little skew coaching. After polling the membership with the official applause-o-meter, John Hawkins shows off the winning honey dipper he and Jim turned.

A number of members have suggested we make more woodchips at meetings, this certainly is one way to do it.

+++++

**Carl Bodenstein** had a turning open-house in his shop in June. Members got to try some new tools and take a turn using a *Serious* lathe. This is one full-size, heavy duty machine. See [www.seriouistoolworks.com](http://www.seriouistoolworks.com) . Thanks to Carl for his hospitality (and the pizza).

Above, Charlie Benson compliments Carl on his use of the scraper for every phase of turning. A little touch up with a sanding bar and a good photo of the three-quarter-ton lathe. Thanks Ed Krumpe for sending pictures of the event.

\*\*\*\*\*

**For Sale:** Jim Christiansen has a OneWay 10” lathe for sale, see the notice and contact information on our website.

## Sharing Table:

Dan Chadwick often turns large pieces, this 18" tall vessel is a beautiful example. Wow. Jim Christiansen shares his maple box, he said it's his first bear carving. Francene King found some Desert Juniper down south, Charles Schwartz hauled it back to town for the raffle table, Chad Gladhart turned away everything that wasn't a bowl. This really is a cooperative art form. In years past we've seen a couple turned cowboy hats, Carl thought this one might be appropriate for a Scandinavian opera. When Jim C. turned it, I think it was meant to be a footed bowl.

## New Members:

In the past quarter, we've added several new members, make sure you say Hi.

**Rick Riddle**

**Len Zeoli**

**Bob Gay**

**Jim Upchurch**

**Pat Hickey**

**Crystal VanCaster**

**Denise Scheets**

\*\*\*\*\*

**Raffle table:** Dan Forman picked up this nice piece of walnut. Either a couple big bowls or a couple hundred pens. Every so often we get more wood than will fit on the table. Dan Chadwick filled his trailer with Norway Maple.

**Save the date:** Our summer picnic will be Sunday, July 26, 4pm at Ron Gooley’s place near Cheney. Directions, maps, instructions and encouragement to follow. The picnic will replace our regularly schedule August 6 meeting. We need a fairly accurate headcount to help plan the party, so please RSVP to [pondcabin@comcast.net](mailto:pondcabin@comcast.net) if you can or cannot attend. Also include if you plan to bring a guest.
