

INLAND NORTHWEST WOODTURNERS NEWSLETTER

Next Meeting is Thursday,
September 1, 2011, 7 PM at the
WoodCraft Store classroom,
N.E. corner of Sprague and
Sullivan (north side of the Fred
Meyer parking lot.

Summer Newsletter July and August, 2011

Thanks to Ron Gooley for the refresher course in turning pepper mills.

Measure for length and cap, make a tenon for the cap to ride on, turn the basic shape.

1 5/8" X 1/2" to mount the grinder, part off and prepare the cap,

There's a little more to it than these steps and the best way is to see it and try it. Several members including Ron are likely to share shop time with you on this great project. 145 days until Christmas!

Members Gallery:

Little treasures: Jim Christiansen's beaded box (using the *d-way* beading tool), Eric Baumgartner's take on a textured burl egg.

John Altberg's tung oil finished madrone bowl. Several members tried unsuccessfully to get the "lid" off Bob Weaver's hollow form burl.

Next Meeting:

Don't forget, *no first-Thursday meeting in August*, see you on September 1. The agenda may include finials, Christmas tree ornaments or the latest in finishes. Not sure yet, we're working on it.

It's in the details:

Few woodturners can get the kind of artistic texture and detail like Jim Christiansen. His exceptional pieces are always appreciated with calls for “can you show me how?” Jim claims this flower pattern is easy, tedious, but not that difficult.

flower pattern detail

Summer Picnic:

Thanks to Carolyn and Ron for hosting this year's picnic. Good food, good fun.

Hope your summer is going well.
See you in September, have a wood day!
Chad Gladhart, Club Secretary

ps: Frank says Bob's segmented bowl has his grandmothers crazy-quilt beat, hands down.
